

# Building Fact Fluency Salary Point Course

## Earn 1 Salary Point

### SALARY POINT COURSE OVERVIEW

The course is designed to support elementary teachers in developing students' mathematical fluency through conceptual understanding, engaging instructional routines, and structured strategies. It aligns with best practices in math education, emphasizing number sense and problem-solving skills using the Building Fact Fluency toolkit.

**Course Format and Structure:** This hybrid professional development course includes eight synchronous instructor led-live sessions, eight independent asynchronous coursework assignments, and one instructor led-live synchronous culminating session. (See below)

#### Building Fact Fluency Salary Point Course – Program Outcomes

- Develop Fluency with Understanding – Strengthen number sense and problem-solving through conceptual strategies and engaging routines.
- Enhance Instructional Practices – Implement Image Talks, Tool Talks, and Number Talks to build student reasoning and fluency.
- Apply & Reflect – Plan, facilitate, and refine fluency-building lessons through hands-on practice and structured reflection.
